OPAF Receives Grant Funding from USGA

April 2, 2008- Langhorne, PA – OPAF, host of the popular “First” Clinics was recently awarded a grant from the United States Golf Association to continue their work with First Swing Adaptive Golf Clinics. USGA and their “Good For The Game” association awarded a \$3000 matching funds grant to OPAF. OPAF works in conjunction with the National Amputee Golf Association to host First Swing clinics across the country. These grant monies represent help to host six First Swing clinics in 2008.

“We are very grateful for these funds as they will allow us to host more First Swing clinics. First Swing offers adaptive golf instruction from qualified instructors and uses adaptive techniques so that anyone can enjoy the game and socialization aspects of golf. We have four First Swing clinics on schedule for this year in North Carolina, Illinois, California and New Jersey. This will help with our efforts to promote health and fitness for those we serve with adaptive golf,” said OPAF Executive Director, Robin Burton.

If you would like more information on how you may host a First Clinic for your patients, your practice and your community, please contact OPAF at 215-752-5756 or rlb@opfund.org.
