Dear «Addressee» :

OPAF continues to look for ways to highlight orthotics and prosthetics as both a science and an art. We are also seeking ways to fundraise for our ongoing work with the First Clinics as a leader in quality adaptive recreation offered at no cost to any attendee. We are looking to combine both of those this fall with **ART in O & P**.

**ART in O & P** will be the featured focus of the OPAF booth at the upcoming AOPA National Assembly meeting at the Mirage Resort and Casino in Las Vegas. We are seeking donations from the orthotic and prosthetic industry as well as the larger O & P family for donations of artistic merit that will be displayed and then auctioned off with proceeds going to support OPAF & The First Clinics. Some ideas to consider might be a creative socket design for display purposes? An AFO with sculpture designs? Jewelry? Photography? Fine arts mediums? Sculpture? Wood Carvings? Glass? Whatever the artistic interpretation, we are seeking donations for display and then auction. We are limited to one submission per person. The **ART in O & P** display will be one of the highlights of the AOPA National Assembly. Are you artistic? Do you have a family member who creates? Extended family donations are welcome and appreciated. Funds raised will help the ongoing work of OPAF & The First Clinics which will host over 30 First Clinics across the country in 2011, affecting the lives of people with physical challenges and their families. "Yes, I Can" is a theme that we have heard many times over at a First Clinic and one that we love!

Donations to ART in O & P may be sent to the OPAF offices by September 1 or delivered to the AOPA National Assembly meeting in Las Vegas. Please complete the enclosed donation form as soon as possible so that we have details on your artwork donation and can develop marketing materials as well as bid sheets. As OPAF is a 501(c)(3) public charity, your donation may be tax deductible. Please consult your tax specialist for more information. Thank you for your continued support and helping OPAF & The First Clinics fulfill our mission by "*Giving Wings to Dreams!*"®

Yours truly,

Robin Burton, Executive Director
