Allied Orthotics & Prosthetics Hosts First Swing Learn to Golf Clinic

July 1, 2009 – Langhorne, Pennsylvania – Allied Orthotics & Prosthetics of Mt. Laurel, New Jersey, along with OPAF and The First Clinics recently hosted a First Swing/Learn to Golf Clinic at the wonderful facilities at Atlantic City Country Club in Northfield, New Jersey. This was the second year in a row that Atlantic City Country Club has hosted a First Swing Clinic.

Ten participants, along with National Amputee Golf Association Instructor, Lou Namm and PGA instructor and ACCC Director of Golf, Charles Fahy led the clinic, giving background on NAGA and adaptive golf as well as hands on teaching instruction. Though the weather was against us, the participants got a chance to try their swings and work on the grip and addressing the ball. A continental breakfast was provided as well as the great facilities at Atlantic City Country Club.

Dennis Williams, CP, is a staff practitioner with Allied Orthotics and Prosthetics. Dennis is also an amputee athlete and understands the value of both the activity and the social aspect of golf. “Getting people together with others who are facing challenges and having them try something new is always a good thing. It’s how we grow as people.”

If you would like more information on how you can host a First Clinic for your practice, your patients and your community, please contact the OPAF office at 215-752-5756 or rlb@opfund.org. OPAF is continuing its mission of “Giving Wings to Dreams!”
