OPAF Hosts Third Successful Clinic for Shriners Hospital

June 4, 2009- Langhorne, Pennsylvania – OPAF, the Orthotic & Prosthetic Assistance Fund, Inc. hosted another successful First Volley Tennis Clinic for the Shriners Hospital for Children/Philadelphia at Gulph Mills Tennis Club in King of Prussia, PA. This was the third year in a row that OPAF and The First Clinics have offered a First Volley clinic for the Shriners kids.

Our host location, Gulph Mills Tennis Club, offered the opportunity for both adults and children to try out their tennis skills and drills on adjoining courts. We had our three youngest players ever, ages 3, 4, and 5! In total there were nine clinic participants along with volunteer staff from Gulph Mills, staff from Shriners Hospital and family and friends in support of the afternoon activities.

"I was extremely impressed by the energy and enthusiasm of the participants. The organization of the whole event is very commendable. My sincere congratulations to Robin & Darren for putting on a great show," Nausher Khairi of Gulph Mills Tennis Center.

"This was a great idea! I wish that they can one day make it more than just a clinic and possibly a sporting event every week" Jeanelle Toney, parent of Gaven Toney, quadrilateral congenital amputee.

"Shriners Hospitals for Children is please to have worked with OPAF and the First Volley program. It is with great pleasure that we are able to invite our patients to take part in the awesome event." Stephanie Spagnola, Shriners Hospital Public Relations Specialist.

For a complete list of First Clinics across the country, please visit the OPAF website at www.opfund.org. To schedule a First Clinic for your patients and your community, call the OPAF office at 215-752-5756.
