Otto Bock is the First Gold Level Sponsor for OPAF in 2007

Langhorne, PA – March 5, 2007 – The Orthotic & Prosthetic Assistance Fund, Inc. (OPAF), serving as the Official Philanthropy of the U.S. Orthotic and Prosthetic community is pleased to announce that Otto Bock Healthcare is the first Gold Level Sponsor for 2007. Otto Bock continues their tradition of supporting OPAF and our First Programs which work to provide health and fitness programs for those we serve.

“We are very pleased to welcome back Otto Bock as a continued Gold Level Sponsor for 2007. Their support will allow us to continue our focus on bringing sports and activities back to O & P patients across the country through First Volley, First Swim, First Swing and our new program for this summer, First Ride. Otto Bock understands that as an industry leader, their giving allows us to continue to reach out to a population that wants to return to an active lifestyle,” says Robin Burton, OPAF Executive Director.

“Otto Bock is very excited to renew our support for OPAF with our \$10,000 contribution. We have been very impressed with OPAF’s programs and energy this year. You truly are an exceptional organization, and we applaud all that you do. We look forward to participating in some of the First events this year, including a First Volley clinic near one of our locations in Salt Lake City in June”, said Karen Lundquist, Otto Bock Director of Corporate Communications.

To find our more our First clinics and to check the 2007 clinic schedule go to www.opfund.org and follow the link for OPAF 2007 Events Calendar. For more information on how you may host your own First clinic for your patients and community, contact OPAF Executive Director, Robin Burton at 215-752-5756.
